

Winter Dog Care Cheat Sheet

- Protect your dog's paws from outdoor surfaces.
 - Wipe them off (even between toes) when you go back inside.
 - There is a balm that can be used on paws to protect from de-icer
 - There are boots that can be put on a pet's feet.
- Consider your **dog's breed** and **coat type**, and whether they may need a sweater or jacket.
- Brush your dog's coat frequently to get rid of dead skin. **Condition** as necessary.
- If your dog's nose becomes dry or chapped, use a healing balm or cream.
- Make sure your dog has a warm place to sleep inside, especially if you keep the house cool.
- Provide mental and physical stimulation and play while indoors
