Remote Operations

- RemoteTX.net
- No port forwarding required
- Our existing FT-991A is supported; FT-710 planned
- Raspberry Pi 400 is the server; connected to CCI-Tech2
- Software configured
- Was able to access software from outside campus with iPhone
- Software license on 30-day free trial; afterwards \$70/year

Remote Operations

- FT-991A power supply must be on
- Both antennas must be switched to FT-991A
- Only one user at a time can log in
- Google Chrome and Windows seem to work best
- Login at ko3f.remotetx.net
- Username: ko3f
- Password: clubpres
- Receives OK; unable to put into transmit on either MacBook or Windows PC; radio setting culprit
- Additional equipment for FT8 on order
