Celebrating A Decade Long Partnership

OUR STORY

Born from the aftermath of the 2015 unrest following Freddie Gray's death at the hands of the police, cSc was founded by concerned Charlestown residents determined to make a difference.

OUR MISSION

cSc shares a vision of fostering unity, support, and empowerment between the Charlestown and Sandtown communities. This partnership aims to create positive change by addressing social, economic, and educational challenges through collaboration and mutual respect.

WHAT WE DO

cSc supports three non-profit organizations in the Sandtown-Winchester area through:

- Volunteer Mobilization: connecting passionate residents with meaningful opportunities to serve.
- Fundraising Initiatives: generating resources to fuel impactful programs.
